

## In-Kind Questionnaire

Please note that due to new split-receipting rules in the *Income Tax Act* we are now required to make reasonable inquiry of donors of in-kind gifts. The following formula explains how the tax receipt amount will now be determined:

Eligible Amount Of Gift	=	Fair Market Value of Property Donated	-	Advantage Received by Donor
----------------------------	---	--	---	--------------------------------

Note: If the donated item was acquired within the past three years, the Fair Market Value is deemed to be the donor's cost of acquiring the property.

1) Did you acquire this item with the intent to donate it to a charity? \_\_\_\_\_

**OR**

2) Did you acquire this property within the last three years? \_\_\_\_\_

If you answered yes to either of the above questions, please provide us with the original cost to you.
